

Dear Potential KUMU Percussion Member,

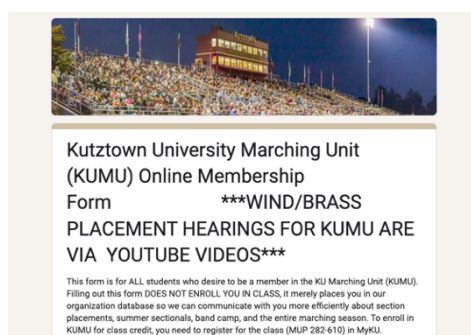

Welcome to the 2024 edition of the KUMU Percussion Ensemble! This document contains important information regarding this year's marching percussion clinics, audition, and summer training camps.

Auditioning with an unfamiliar ensemble might feel overwhelming for new members but don't fret! We're just getting a feel for where everyone is at in their musical journey. Relax and have fun playing drums!

Step One - Sign up. No really, this is important!

First and foremost, be sure to sign-up for Kutztown University Marching Unit by filling out the online membership form located below. This allows us to plan to ensure you have the best experience while you're here!

Step Two - Attend in-person percussion clinics and get ahead!

As we tell our members, there are many ways to approach percussion. The "KUMU way" is one of those ways that may or may not be what you already know. To help get potential new members on the same page, we host two free marching percussion clinics to review terminology, basic technique, and approach to each instrument. We also comb through all audition material and requirements, providing lots of helpful tips and hints along the way. This will benefit everyone, especially new members!

All members are required to attend our in-person percussion basic training clinics listed below. We will meet at Schaeffer Auditorium. More info will be sent out via e-mail.

Saturday, May 4, 2024 from 10am-5pm

Sunday, June 9, 2024 from 10am-5pm

Things you need to bring to all percussion events:

2. Group Placement Audition

Drumming is more fun with everyone! The second part will consist of us observing you in your assigned instrument group in an ensemble setting. The battery will play through *Cinco Gato Legatos*, *Some Accents & More Taps*, *Triplet Roll Sequence*, and *7/8 Bear-A-Diddles* as an ensemble. For bass drummers, this time will be used to place you on different drums to find the best fit for you in the section. The front ensemble will play various scales, *Peg*, *Calypso Remix*, and *Relax V*. Expect to be moved around to other instruments - please be patient during this process.

“Help! I won’t be able to attend the audition day!”

We highly recommend all students audition in-person but in the unfortunate event you’re unable to attend the live audition, we may be able to setup an alternative audition option for you. **Battery auditionees should contact Matt Urquhart** (maturquhar@kutztown.edu) and **Front Ensemble auditionees should contact Danny Mark** (danmark@kutztown.edu) as soon as possible.

Step Four – Prepare for summer training camp

After you accept your position in the ensemble, you must have ALL exercises in the packet learned and prepared prior to arriving at summer training camp. We will need to maximize rehearsal time by practicing certain techniques and skills, not learning notes to exercises. Members will be required to move into their dorms before camp (TBD) so it is important to pack everything you need for summer training camp and your fall school semester.

Important Dates to Remember

- ▲ Basic Training 1: **Saturday, May 4, 2024 from 10am-5pm** (Meet at Schaeffer Auditorium)
- ▲ Basic Training 2: **Sunday, June 9, 2024 from 10am-5pm** (Meet at Schaeffer Auditorium)

You will find that music is one of the most demanding and rewarding of the arts. Many of our returning members will agree that our summer percussion training camp at KU is a highly anticipated part of the fall semester. In addition to providing growth in music, marching, and performance skills, students also have the chance to form lasting connections with fellow musicians and create lifetime college memories. We encourage EVERYONE to come check it out!

Live Webcast Percussion Clinics

In effort to continue providing percussion instruction during the pandemic, the KUMU Percussion staff produced free clinics via livestreaming. While we are now back to in-person clinic and instruction, we still invite all students to watch and engage!
